Thanks

Hi Susan -- is it possible there was a problem with the emails?

Vicki,

Joanna Jaworska <jaworska.j@pg.com> also indicated she had not been contacted about a pre-meeting call for the science meeting later this month.

Vicki,

I've been checking with the NAS identified discussants for this month's meeting. Among other things, I asked them if they've been contacted about a pre-meeting conference call to go over meeting logistics. Sam Cohen and Sheue-yann Cheng said they had not been contacted about the pre-meeting call. Will someone be contacting them?

I asked ICF and they researched the email addresses. So they have them, but it would probably be a good idea to verify them with your information. Can you send me a list and I will forward it to them? We want to send out those meeting invites this morning – so I'm sorry this puts a little pressure on you.

I'm still checking on the agenda order. I might not have an answer about that until later today.

Best,
Vicki
